- Ensure proper execution of these guidelines and practices through thorough architecture reviews
- Support PoC (Percentage-of-Completion) accounting by reviewing SW projects from a technical implementation perspective
- Ensure processes for seamless Design-, Code- and Peer-Reviews across the organization
- Daily work in an agile environment, develop and optimize processes and best practices
- Connect throughout the SWARCO organization

Your Profile

- Proven experience as SW architect; Certification like ISAQB is a plus
- Several years of working experience in developing Software, preferably in Java, C# or Angular/TypeScript with distributed teams
- Experience with large scale applications, modularization and re-use
- Bachelor or Masters degree in the IT area or similar
- Excellent knowledge of spoken and written English, German is a plus
- Strategic and economic thinking as well as analytical working methods, personal initiative and problem-solving competence
- Strong interpersonal and communication skills
- Performance-oriented and structured work approach
- Hands-On-Mentality and personal interest for high-end software tools and technologies

Your Benefit

- Einzigartiger Teamgeist und freundliche Unternehmenskultur
- Viel Raum für persönliches Wachstum und Verantwortung, der es Ihnen ermöglicht, mit SWARCO zu wachsen
- Die Möglichkeit, internationale Projektmanagement-Erfahrung zu sammeln oder zu vertiefen
- Flache Hierarchien
- 25 Tage Urlaub (oder mehr, je nach Land)
- Unbefristeter Arbeitsvertrag
- Obst, Kaffee, Tee, Erfrischungsgetränke, Süßigkeiten

We offer a very attractive and performance-related salary, which is based on your qualifications and professional experience. This is significantly higher than the collective agreement for employees and apprentices in commercial enterprises.
