

SWAPPACCESS THE CAREFREE PARKING SOLUTION

SAVE TIME
– for customers and those who manage your parking.

GET FULL OVERVIEW
Both customers and operators have complete overview on a dedicated web portal.

An example from the customized parking solution in Linköping: With this app you can find out where there are available parking spaces before arriving at the parking area. You can also pay for on-street parking in the same app just by pressing the „Park“ button.

HOW SWAPPACCESS WORKS

Everyone likes solutions that are simple and user friendly. That is why SWARCO developed SwappAccess – So that your customers can have a carefree parking experience.

1. REGISTRATION

Your customers register their personal data, the licence plate number on their vehicle and payment details.

Registration is possible via:

- SwappAccess.
- The operator's website.
- The operator's app.

Personal data is stored safely in accordance with applicable rules for data security.

2. PARKING

At the barriers of the parking area your customers' entry and exit are registered automatically via a sensor, QR-code or camera.

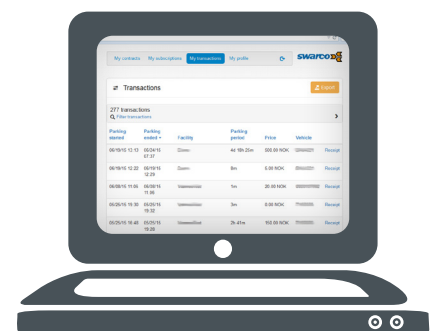

ON-STREET PARKING

The customer uses the app to pay for the parking.

3. PAYMENT

The parking fee will be debited from your customers credit card as soon as the vehicle leaves the parking area.

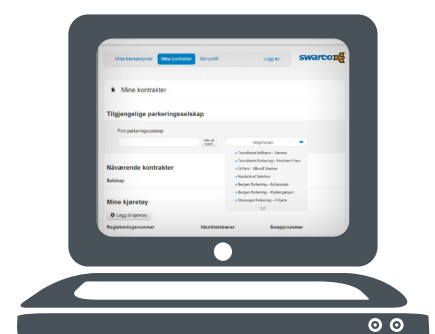

Both customers and operators have a full overview of usage, payment history and more.

Customers instantly get a receipt by e-mail and can review their transaction log online.

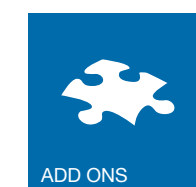

4. ADMINISTRATION

As an operator, you can easily monitor the number of customers and their activities.

Search and view the transaction history. Get statistics and reports on earnings, subscriptions and registered customers. Manage subscriptions by changing and updating prices, validity, subscription codes and more.

SMART ADAPPTIONS

WHY SWAPPACCESS?

MAKE PARKING CAREFREE FOR YOU AND YOUR CUSTOMERS

- Easy to use for your customers.
- Gives your customers a unique V.I.P. feeling.
- Seamless parking experience for your customers.
- Easy monitoring and less administration.
- Easy to adapt to each parking area.
- Get more loyal customers by providing special fares and discounts for groups of users.
- Provides subscription solution to increase the amount of regular customers.
- Easy payment for both off-street and on-street parking.
- Payment solution on smartphone for on-street parking.
- Easy to expand, modify and upgrade later.

ONE SYSTEM, MANY OPPORTUNITIES

ENSURE THAT THE SYSTEM SUITS YOU AND YOUR CUSTOMERS

➤ **CUSTOMER LOYALTY PROGRAMS, DISCOUNTS AND SUBSCRIPTION SOLUTIONS**
Want more loyal customers? Through SwappAccess, you will have the opportunity to get closer to your customers. Give them great deals and good reasons to be loyal. Send messages to customers by SMS and email when you have special offers or information that benefits them.

➤ **CHARGING STATIONS FOR ELECTRIC CARS**
We offer both normal and fast charging stations of good quality. These can be combined with payment via SwappAccess if wanted.

➤ **TAXI SOLUTION WITH QUEUE MANAGEMENT**
For major taxi stands, at airports, railway stations and other areas with large amount of taxis.

➤ **CUSTOM MADE SOLUTIONS, NEW IDEAS AND ADAPTATIONS**
We also make customized solutions. Feel free to share ideas, wishes and suggestions that suits you and your customers – we'll help you.

GIVE YOUR CUSTOMERS A GOOD START AT THEIR DESTINATION
