MORE SAFETY MORE FUN

Playgrounds are an essential part of every community and children spend countless hours of the day occupying themselves with what the playground has to offer. Why not utilize this time for children to learn the basic skills of education?

SWARCO Preformed Thermoplastic Playground Markings make education fun! They are great additions to playgrounds at schools, churches, daycares, community centers and parks. With the vibrant colors used in Playground Markings, children are motivated to enter into activities and become involved in purposeful play increasing motor skills, all while cutting down on playground confrontation.

PREFORMED THERMOPLASTIC PLAYGROUND MARKINGS

LIFE IS COLORFUL

Just like a playground,
schoolyard or road:
PREFORMED
THERMOPLASTIC
Playground Markings
brighten up everyday life
and make it safer and
more fun.

- Available in .90 and .125 mil thickness
- Ready to install out of the box

Crystal-clear advantages

- Tailored precisely to individual customer requirements
- Quickly and easily installed, no specialized equipment required
- Environmentally friendly with zero VOCs and heavy metal free pigments
- Can be installed at lower temperatures, extending installation season
- Initial skid resistance values available from standard 45 BPN to 70 BPN, upon request

Visibly better

- Standard colors include white, yellow, blue, black, red, green, purple & orange
- Custom color matching available

Noticeably more cost-effective

- Durable long term performance provides an economical investment
- Lasts 8 to 10 times longer than paint

LIFE IS COLORFUL, AND SO IS OUR PORTFOLIO

Learning, playing and having fun: Bright preformed markings in schoolyards and playgrounds inspire children to interact with each other and let their imaginations soar. Whatever you create – whether it's a letter maze, a number snake, a huge compass or a rocket to the moon – it's guaranteed to make learning fun.

LIFE IS
FUN

Obstacle courses encourage kids to problem solve, requiring lots of physical movement which is crucial for childhood development

ON YOUR MARKS, GET SET, GO!

PREFORMED THERMOPLASTIC PLAYGROUND MARKINGS | more safety. more fun. | 10

The area to be marked must be clean, completely dry and free of dust and oil. Draw the outline in chalk.

If it is cool and moist, pre-heat (thoroughly dry) the substrate. If necessary, apply primer and let it flash off.

Use the torch to heat the entire surface of the Preformed Thermoplastic Playground Marking until it starts to bubble.

SWARCO Preformed Thermoplastic Markings are easy and quick to apply

SWARCO's Preformed Thermoplastic Playground Markings give consumers the durable quality of thermoplastic pavement markings without requiring expensive equipment for installation. Our Preformed Thermoplastic Markings are pre-cut into lines, rolls, legends, symbols and shapes, ready to install out of the box with a propane torch.

“It’s a different way of learning. Even our preschoolers enthusiastically jump on the hundred field. Our schoolyard has been transformed into a colorful space for learning and playing. A space where everyone feels happy.”

Stefan Beeth, Elementary School Teacher

SWARCO | The Better Way. Every Day.

SHOWING THE WAY, WORLDWIDE

In 1969 we started out with the manufacture of tiny reflective glass beads. Today we have grown into the world's largest systems provider for road markings. Making roads safer and saving lives on a daily basis. Our high quality products and services, safely direct traffic flow from A to B, every day and night. On all roads, in any weather, and all from SWARCO.

We prepare for the future, by fusing knowledge with innovation at our Competence Center for Glass Technology and Marking Systems. So, even with smart and autonomous driving, we continue to blaze the trail of premium road markings to the world. Jump in and drive with us; we will be happy to help you find your ideal road marking solutions.
